Your contribution supports the following programs:

Regulatory Compliance

Foundation lawyers diligently monitor, assess, and provide comments on state and federal regulatory initiatives. Our key focus is assuring agencies act within their statutory authority and follow proper rulemaking procedures.

To support our regulatory program, we developed *The Great Lakes Legal Foundation Regulatory Watch* included on our website on policy developments and a related newsletter. Nobody else has more information on rulemaking in Wisconsin and the EPA's train wreck in one place.

Judicial and Appellate Programs

Foundation lawyers monitor Wisconsin Court of Appeals and Supreme Court decisions that may impact economic opportunity in Wisconsin in partnership with the Wisconsin Civil Justice Council (WCJC). Foundation lawyers also work with the WCJC to provide analysis of upcoming judicial elections to the public. The Foundation's Guide to the Wisconsin Supreme Court and Judicial Evaluation highlights the most important case decisions and how each Justice voted.

Foundation lawyers participate in Wisconsin Supreme Court cases by writing *amicus curiae* briefs in cases related to the Foundation's mission of increasing economic opportunity. The goal is to assure the Justices hear all sides of the story and get a sense of the larger picture in meaningful cases.
